

## Make your own advent candle wreath

To make your own advent candle wreath you will need:

- 5cm x 5cm square piece of felt: to use as the base of the wreath
- White tea light candle: to use as the candle in the centre
- Green modelling clay (50-60g): to wrap around the centre candle
- Purple birthday candles (3) and pink birthday candle (1) (Although you could use 4 red or 4 blue candles or any other colours you can find!): to go in the modelling clay around the edge of the tea light

Optional extra: Small bag of glitter to decorate the clay ring.

We would love to see pictures of your finished creations!

Please do share them with us:
